

VENU 12i One choice one loudspeaker

VENU 12i is a bi-amplified 2-way top unit, delivering our signature audio quality in a compact format that is optimized for installation applications. With its small footprint and discreet appearance, VENU 12i fits right in wherever sound and size matter – from bars and hotels to smaller music venues.

VENU 12i can be quickly deployed in any configuration when used with AUDIOFOCUS A-704 SCiO, A-1504 SCiO, or A-3004 SCiO amplifiers with integral DSP and dedicated presets. Armonia presets are also available for Powersoft amplifiers.

VENU 12i is built in Belgium to the same exacting standards as our pro touring ranges and coated in tough, weather-resistant polyurea to protect your investment.

Up to 700

110° x 60°

50Hz – 20kHz
