

VENU 15a Big performance. Compact package.

VENU 15a is a self-powered 2-way top unit, offering big performance in a compact package. VENU 15a excels as a single top, as a full-range PA system when teamed up with a subwoofer, and can also serve as a monitor solution, delivering excellent return on your investment.

An advanced AUDIOFOCUS Class D amplifier module with integral DSP and 4 versatile presets allows VENU 15a to be quickly deployed in any configuration.

VENU 15a is built in Belgium to the same exacting standards as our pro touring ranges and coated in tough, weather-resistant polyurea to protect your investment.

Up to 700
