

CYRIS CX5

Super-compact 5" coaxial loudspeaker

Cyris CX5 is a super-compact 2-way passive loudspeaker delivering exceptional power for its size in a discreet, elegant cabinet.

CX5 houses a powerful 5" coaxial transducer featuring an aluminium demodulation ring for low distortion and enhanced intelligibility and employs a lightweight neodymium ring magnet for excellent thermal efficiency.

CX5 can be teamed with other Cyris series speakers to create plug 'n play solutions for bars, restaurants and other short throw applications. CX5 can be partnered with A-series rack amplifiers or up to 4 cabinets can be powered direct from the low-profile active C210Sa subwoofer.

A mic stand attachment allows fast deployment in portable setups while M6 inserts and an optional C bracket enable wall / ceiling mounting.

90° x 90°

100Hz - 18kHz

Cyris CX5 upholds AUDIOFOCUS' reputation for exceptional build quality and audio performance. The distinctive curved enclosure is hand-built in Belgium from birch plywood and premium components before being encased in a tough, UV and weather-resistant coating.

Technical specifications

Description	Coaxial 2-way passive full-range point source
Transducers	5" Coaxial with 1" HF compression driver
Frequency range (-6dB)	100Hz - 18kHz
Nominal directivity (-6dB)	90°x 90°
Peak SPL (1)	124.3 dB
Processing	Dedicated AUDIOFOCUS A series SCiO and Powersoft Armonia presets
Rigging	2 x M6 inserts for optional U bracket 1 x 3/8" insert for microphone stand
Connectors	2 x 4-point speakON
Nominal Impedance	8 ohm Passive cross-over network
Watt AES/peak	135W / 540W
Dimensions (H x W x D)	156 x 144 x 160mm • 6.1 x 5.7 x 6.3 inches
Weight	2.4kg / 5.3lbs
Finish	Highly resistant polyurea coating
Cabinet	High grade birch plywood

(1) Mtone 12 dB crest factor with compression of 2dB average in the low section
