

ELIZ 210a self-powered 2 x 10" line array

ELIZ 210a is a versatile 2 x 10" line array system with integral amplifier, offering exceptional power and precision in a compact, lightweight format.

ELIZ 210a mounts twin 10" LF transducers in a V formation and harnesses Tetracoil Double Voice Coil technology for exceptional power, enhanced low end performance, precise control, outstanding impulse response, and superior transient handling. A large next-gen titanium diaphragm 4" HF compression driver delivers excellent linearity and mid-band clarity.

A custom two-part ABS magnetized horn plug allows super-fast adjustment of horizontal dispersion, providing maximum versatility with a single top cabinet design. The ELIZ range shares the same audio signature, hanging frame, and 118Sa flown and ground-stacked subwoofers as the ARRoCC constant curvature range, helping rental companies to manage an efficient inventory capable of handling short, medium and long-throw scenarios.

90° x 8°
adjustable

55Hz - 19kHz

Intuitive SCiO software enables remote control of ELIZ 210a's integral amplifier from any device.

Technical specifications

ELIZ 210a is built in Belgium by skilled craftspeople and state-of-the-art machinery.

| | |
|----------------------------|--|
| Description | Self-amplified line array loudspeaker |
| Transducers | LF: 2x10" Tetracoil • HF: 1x1.5" exit compression driver / voice coil diameter 4" |
| Frequency range (-6dB) | 55Hz - 19kHz |
| Nominal directivity (-6dB) | 90°x 8° • External plate option for 70° coverage |
| Peak SPL ¹ | 140dB Mtone |
| Processing | Dedicated AUDIOFOCUS A series SCiO and Powersoft Armonia presets |
| Rigging | 16 angles from 0 to 8°. Same rigging frame as ARRoCC system and 118Sa , 2 or single point motor option , adjustable extension beam |
| Audio Connectors | 2 x 4-point speakON |
| Network Connectors | 1x etherCON for control |
| Power Connectors | IN: 1x3-point powerCON TRUE1TOP LINK: 1x3-point powerCON TRUE1TOP |
| Dimensions (H x W x D) | 290 x 700 x 545 mm • 11.4 x 27.6 x 21.5 inches |
| Weight | 34kg / 75lbs |
| Finish | Highly resistant polyurea coating |

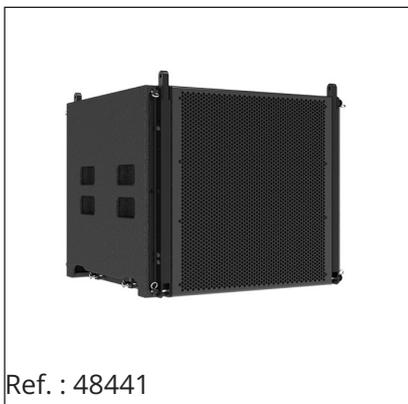

(1) Mtone 12 dB crest factor with compression of 2dB average in the low section
